2206V Bachelor of Music Distance- Violin
Degree
Lakeshore Campus

In order to continue with your application for the Bachelor of Music - Violin, you must complete this step in the application process. Applicant selection is based on academic criteria and results of these secondary requirements. The information below contains all information to prepare and submit secondary requirements for consideration.

Applicants must meet both academic and secondary requirements in order to meet minimum program eligibility. Meeting minimum eligibility does not guarantee an offer of admission. Please refer to the program page at www.humber.ca to verify this program's academic admission requirements. If you have any questions, please contact Admissions.

Secondary Requirements

Applicants are required to attend an audition. It is strongly suggested that applicants perform a live audition. However, in circumstances where applicants live more than 200km from the college and are unable to be present for a live audition they may submit an online audition. Applicants must book and pay a \$50 fee for their audition. Please see "Registration Instructions" below to complete your online audition.

If you have also applied to the Jazz Performance - Introduction to Commercial Jazz program do not book the audition for the 1-year program. The audition for the degree program will be considered for the Jazz Performance program.

i. Audition

Submit a paragraph describing your reasons for wanting to study at Humber and your musical background. Provide details about any studies in theory, ear training and your level of knowledge in those subjects as well as performance experience in secondary school, postsecondary education and/or private studies.

Guidelines:

1. The recording must be video with audio (audio only recordings will not be accepted)
2. The overall sound on the recording should be at a reasonably good quality level and your instrument must be clearly heard throughout the recording
3. You must be clearly visible on the recording at all times
4. The performance is done live without any editing to simulate a live audition

MUSICAL Requirements:

1. One piece that demonstrates your ability to play an improvised solo (a jazz standard or a blues).
2. One piece of the candidate's choice (from any musical genre)

TECHNICAL Requirements:
