2016-17

2206C Bachelor of Music Distance- Cello
Degree
Lakeshore Campus

In order to continue with your application for the Bachelor of Music - Cello, you must complete this step in the application process. Applicant selection is based on academic criteria and results of these secondary requirements. The information below contains all information to prepare and submit secondary requirements for consideration.

Applicants must meet both academic and secondary requirements in order to meet minimum program eligibility. Meeting minimum eligibility does not guarantee an offer of admission. Please refer to the program page at www.humber.ca to verify this program's academic admission requirements. If you have any questions, please contact Admissions.

Secondary Requirements

Applicants are required to attend an audition. It is strongly suggested that applicants perform a live audition. However, in circumstances where applicants live more than 200km from the college and are unable to be present for a live audition they may submit an online audition. Applicants must book and pay a \$50 fee for their audition. Please see "Registration Instructions" below to complete your online audition.

If you have also applied to the Jazz Performance - Introduction to Commercial Jazz program do not book the audition for the 1-year program. The audition for the degree program will be considered for the Jazz Performance program.

i. Audition

Submit a paragraph describing your reasons for wanting to study at Humber and your musical background. Provide details about any studies in theory, ear training and your level of knowledge in those subjects as well as performance experience in secondary school, postsecondary education and/or private studies.

Guidelines:

1. The recording must be video with audio (audio only recordings will not be accepted)
2. The overall sound on the recording should be at a reasonably good quality level and your instrument must be clearly heard throughout the recording
3. You must be clearly visible on the recording at all times
4. The performance is done live without any editing to simulate a live audition

Performance:

SCALES: Db major 3 octaves, G major 2 octaves, B harmonic minor 2 octaves, C melodic minor 3 octaves. All scales are to be played ascending and descending. Please play in eighth notes at quarter note = 108. Note that I will be listening for your sense of time, pitch, tone, etc.

ARPEGGIOS: Bb dominant 7, Eb major 7, G augmented triad, D minor 7, Ab minor 7(b5), and F diminished 7. All chords should be one octave, arpeggiated ascending and descending.

BACH SUITE: Play one movement of a Bach Suite for solo cello.

PREPARED PIECE: Perform any piece of your choosing. It can be a jazz composition or anything that reflects your musical interests/abilities.

JAZZ REPERTOIRE: Play one chorus of melody, one chorus pizzicato bass line and an improvised solo (arco) on the jazz standard Autumn Leaves. It can be in any key.

ii. Theory Test:

The Off-Campus Theory test is a required test for all students auditioning for the degree program. The test is approximately 30 minutes in length. This is a written Theory test only, and it does not include an ear training component. Information can be found on MyHumber (see “Registration Instructions” below) about how to arrange the proctored theory test.

Registration Instructions:

Applicants must Log-in to MyHumber and pay a \$50 fee for their audition in Humber’s Events Management system. **Once in Events Management, you will receive additional instructions for submission of our audition video through SlideRoom. Video can be up to 500MB.**

1. Log-in to MyHumber
2. Select the Applicant tab
3. Select your Year and Applicant Number from the drop-down menu, then click Submit
4. Click on Missing Requirements
5. Click on “Go to Events” (located under the “Link” section, near the bottom right of the page)
6. Choose from a list of available assessments and follow the prompts

All secondary requirements will be evaluated and a score will be calculated by the academic school.

Admission decisions will be available via MyHumber, or by email and mail. Admission decisions will not be released by phone.

This document is available in alternate format upon request.
